

## GST Tag Recombinant antibody

**Cat:** B30004T

**Company:** HaoKebio

**GenBank:** FN315687

**Applications:** WB: 1:5000-1:50000

**Organism:** Rabbit

IP : 1ug for 1mg of total protein lysate

**Species reactivity:** Recombinant protein

### Background:

GST (Glutathione S-Transferase) is a widely used protein tag encoded by the *Schistosoma japonicum*. GST provides both an easily detectable tag and a simple purification process with little effect on the biological function of the protein of interest. Antibodies to GST are useful for checking protein expression both in plaques and on western blots as well as for immunoaffinity purification of proteins expressed in cells. This antibody is a Rabbit recombinant antibody to GST tag.

### Protein full name:

GST Tag

### Synonyms:

GST, Glutathione S-Transferase

### Immunogen:

Recombinant protein

### Isotype:

IgG

### Purity:

Affinity purification

### Form:

Liquid

### Storage Buffer:

PBS with 0.02% sodium azide, 100 µg/ml BSA and 50% glycerol.

### Storage:

Store at -20 °C for one year.

### Images:

Dilution of 1:50000 incubated at room temperature for 1.5 hours.

### Source of Reagents:
